Trasparenze marine

Le sei delicate tonalità pastello interpretano il movimento del mare lievemente increspato, al tatto si avverte il leggero bassorilievo, che compare quando la luce incide radente sullo smalto esaltandone il movimento e la profondità. La lucentezza acquosa della superficie abbinata al mosaico Ventaglio assicurano note di raffinata contemporaneità.

[en] The six delicate pastel shades interpret the flow of ripples on the sea, with a slight bas-relief texture appearing when light passes over the surface, accenting its movement and depth. The watery shine of the glaze combined with the Ventaglio mosaic ensures notes of refined contemporaneity.

Rotterdam, Olanda

La giornata lavorativa di questa giovane coppia di ricercatori si svolge in algidi ambienti open-space nel centro di Rotterdam.

Per la loro residenza nel centro storico della città olandese hanno scelto la collezione *Trasparenze marine* per il bagno grande e luminoso: una scelta ispirata da Gaia in omaggio alle sue origini italiane e recepita con entusiasmo da Ferdinand, anch'egli amante del mare dell'Europa mediterranea.

For their residence in the historic center of the Dutch city, they chose the *Trasparenze marine* collection for their large luminous bathroom: a choice inspired by Gaia in homage to her Italian origins, and received enthusiastically by Ferdinand, who is also a lover of the Mediterranean.
