

серия “Париж”

Плитки METRO созданы Гектором Гимаром, одним из отцов стиля Арт Нуво. Гранёные керамические плитки украшают коридоры и своды Парижского метро с момента его открытия в 1900 году.

С течением времени его работы были признаны, как истинный эталон стиля Арт Нуво.

Коллекция METRO фабрики Diffusion Ceramique сочетает традицию и современность, представляя плитку в широком разнообразии форматов и расцветок. Совмещая простоту и своеобразие, гранёные плитки Метро подходят как для ванной комнаты, так и для кухни, но они также великолепно украшают залы ресторанов и магазинов. Плитки метро широко распространены. Они находятся во многих публичных местах: модных кафе, магазинах, служебных помещениях, а так же и в квартирах парижан. Это продукт, который родился почти одновременно с промышленным дизайном, актуален сейчас и будет востребован и в будущем.

When fitting: Our advice

The 7.5x15 Metro tile is traditionally fitted with offset joints. Every other row should start with a 7.5x7.5 Metro tile. See drawing below. Seven 7.5x7.5 tiles are needed per linear meter. ■

POSE : LE CONSEIL DU SPÉCIALISTE :

Le carreau Metro 7,5x15 se pose à joints décalés (2 mm). Pour chaque pan de mur à carreler, débutez une rangée sur deux - à partir de la gauche ou la droite selon l'esthétique souhaitée - par un demi-carreau biseauté 7,5x7,5.

Calculez la hauteur totale des pans de mur où des demi-carreaux seront posés et comptez 7 demi-carreaux par mètre linéaire.
