# MARIDAJE & TILES

GAYAFORES  
since 1897

Maridaje es el enlace o correspondencia de cosas que combinan bien entre sí.

*"Marriage" is the union or combination of things that go well together.*

En Gayafores hemos creado colecciones que maridan a la perfección entre ellas para que las puedas combinar y mezclar como quieras.

*In Gayafores we've created collections that pair with each other perfectly so you can combine and mix them up however you want.*

Igual que tomas un buen vino con una buena carne, complementas un bonito bolso con unos elegantes zapatos, o combinas las fresas para darle ese toque especial al champagne, nuestras piezas te permiten crear infinidad de maridajes...

*Just as you would drink a fine wine with good meat, complement a lovely bag with elegant shoes or combine strawberries to give champagne that extra special touch, our pieces allow you to create endless "marriages"...*

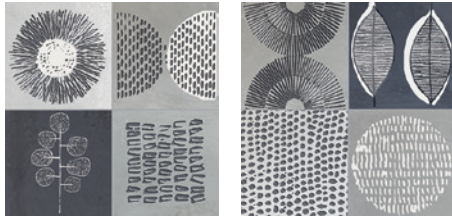

Maderas, con piedras, con mármoles, o incluso con otras maderas; colecciones revival con piedras o con mármoles; hormigón con elementos decorativos o con maderas... Todo un mundo de "MARIDAJE" para que puedas crear tu propio estilo.

*Wood with stone, with marble or even with other kinds of wood; revival collections with stone or with marble; concrete with decorative elements or with wood. A whole world of "MARRIAGE" so you can create your very own style.*
