SARTORIA^{est.} 20 18

2018: Sartoria is created, combining the knowledge with the understanding of modern ceramic history. A tailored project for all those who love interior design, small sizes, colour and decoration. From these four elements a new chapter within Terratinta Group is born, aiming to create a new style that can be exported all over the world.

Just like the detailed and creative creations of a tailor, Sartoria designs and fulfils distinguished ideas, giving new life to the craftsmanship of the small ceramic size. From white-body walls to gres porcelain tiles, different options designed for small and wide spaces: a unique, contrasting design, a choice between styles, a choice of style.

Dall'esperienza di una storia ceramica recente senza precedenti, nel 2018 nasce Sartoria. Un progetto su misura per chi ama l'interior design, il piccolo formato, il colore e la decorazione. Da questi quattro elementi nasce un nuovo capitolo all'interno di Terratinta Group, con l'obiettivo di creare un nuovo stile esportabile in tutto il mondo. Così come le creazioni di un sarto, meticolose e creative, Sartoria disegna e realizza grandi idee, dando nuova vita all'artigianalità del piccolo formato ceramico. Dal rivestimento in pasta bianca al porcellanato, diverse combinazioni pensate per piccoli e grandi spazi: un design unico, contrastante, una scelta di stili e di stile.

Aquamarine 5,2x16cm glossy wall

Tbrick

VINTAGE STYLE, NEW CLASSIC.

A new distinctive interpretation of the brick surface for Sartoria, in a successful pursue for new look in wall coverings.

Tbrick is the small size ingredient able to complete even the most minimalist setting with the precious touch of its bright surface. A timeless but extremely contemporary mood where colors shine on the surface of minute brick in 5,2x16cm, for appealing wall coverings.

A glossy finish that has a hand-crafted perception, enhanced by the color range of twelve graceful tones for brickwork-style laying patterns in a retro taste that can perfectly merge into contemporary design schemes. The versatile nuances of colors, where we have blues, greens, pinks and greys declined in warm and cold tones, allow to combine different shades in gradient.

Tbrick assures the advantage of white body tiles and the decorative characteristics of small size tiles: superior colors and glazes, ease of installation and maintenance. The richness of the glaze gives intensity to the surface, and the small size offers the perfect touch of elegance to the surfaces.

STILE VINTAGE, NUOVO CLASSICO.

Una nuova interpretazione distintiva della superficie "brick" per Sartoria che prosegue con successo la ricerca di nuovi look nei rivestimenti murali. Tbrick è l'elemento di piccole dimensioni in grado di completare anche l'ambientazione più minimalista con il tocco prezioso della sua superficie brillante. Tbrick propone un mood intramontabile ma estremamente contemporaneo dove i colori illuminano la superficie del piccolo formato in 5,2x16cm, per rivestimenti accattivanti. Una finitura glossy che conserva la percezione della lavorazione artigianale, messa in risalto dalla gamma cromatica di dodici piacevoli toni per realizzare schemi di posa dal gusto retrò che può combinarsi perfettamente con il design più contemporaneo. Le sfumature di colore si dimostrano versatili grazie alla presenza di blu, verdi, rosa e grigi declinati in toni caldi e freddi che permettono di abbinare diverse tonalità in gradazione.

Tbrick assicura i vantaggi delle piastrelle in pasta bianca e le caratteristiche decorative delle piccole dimensioni: colori e smalti di qualità superiore, facilità di installazione e manutenzione. La ricchezza dello smalto dona intensità alla superficie, e le piccole dimensioni offrono il tocco perfetto di eleganza alle superfici.
